About f-stop

f-stop camera bags do more than just survive the journey, they expand creative potential. In 2005, f-stop began with a vision to combine the best camera bags with the best outdoor backpacks, and revolutionized the way photographers carry their equipment. From these humble roots, we've continued to focus on innovation, harnessing the insights of our Ambassador team to create industry-leading products and earn a global presence. And throughout this journey, we're proud of our continued commitment to protecting the beautiful places we love, so that adventurous creatives in the future can realize their own potential.
