## Layer Protection

Outer Shell

Middle Layer

Inner Shield

## Outer Shell

Quaternary Ammonium Salt (Q.A.S) treated, water repellent woven polyester keeps your mask dry and kills bacteria, bluesign® certified.

## Middle Layer

Dense polyester nonwoven adds extra protection against particles and liquid droplets.

## Inner Shield

DuPont Silvadur™, treated knit uses Silver Ion technology to safely kill microbes.

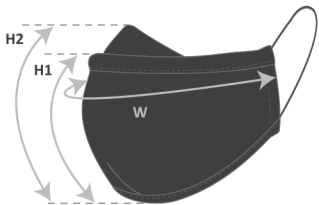

## Design

1. Nose Shield
2. Ultra-Sonic Welding
3. Comfortable Elastic Band

## Dimension

Unit: cm / inch

	Adult	Child Large	Child Small
W	24.0 / 9.4	20.0 / 7.9	17.5 / 6.9
H1	13.0 / 5.1	11.5 / 4.5	10.0 / 3.9
H2	16.0 / 6.3	14.5 / 5.7	12.0 / 4.7
Reference Age	12+	11 - 4	3 - 1

## Washable / Reusable

- Q.A.S and Ag+ coating will last an average of 45+ washes.
- Hand washing with mild soap is recommended
- Use of machine, dry clean, bleach or other chemicals is not recommended
- As an alternative to handwashing, sanitize with Ethanal (75% alcohol)
- Twisting and stretching of mask can damage material function

## Disclaimer

This product does not have medical compliance, it is not intended to be used as medical mask or surgical mask. In high risk areas, a certified medical mask is recommended.
