INNOVATIVE DESIGN

Design

1. Nose Shield
2. Ultra-Sonic Welding
3. Comfortable Elastic Band

Washable / Reusable

- Q.A.S. and Ag+ Ion coating will last an average of 45+ washes
- Hand washing with mild soap recommended
- Machine washing, dry cleaning, use of bleach or other chemicals not recommended
- As an alternative to handwashing, sanitize with Ethanol (75% alcohol)
- Twisting and stretching of the mask can damage material function

AVAILABLE COLORS

PROTECTION LAYERS

Outer Shell

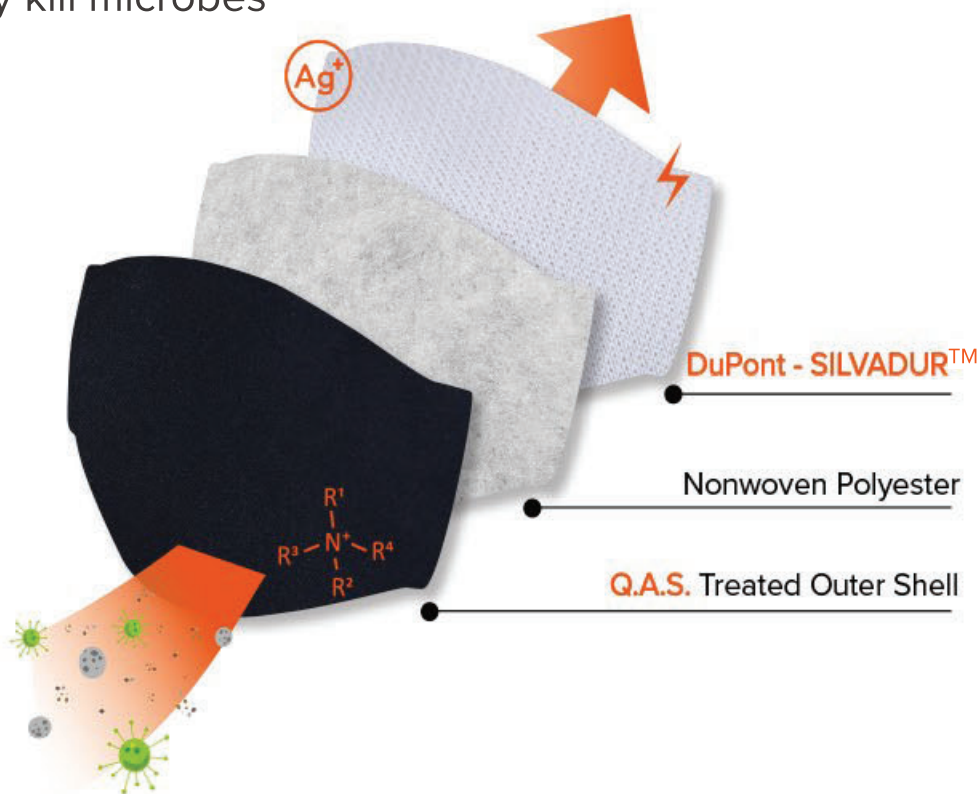

Quaternary Ammonium Salt (Q.A.S.) treated, water repellent, woven polyester keeps your mask dry and kills bacteria, bluesign® certified

Middle Layer

Dense nonwoven polyester adds extra protection against particles and liquid droplets

Inner Shield

DuPont SILVADUR™ treated knit uses Silver Ion technology to safely kill microbes

Disclaimer

Mask is not intended to be used as a medical or surgical mask.
