MOUNTAIN SERIES

KASMIR UL

KASMIR UL

The pound-pinching, ultra-lightweight Kashmir UL was designed with the active female shooter in mind. With 30 liters of storage, the Kashmir UL retains the ripstop nylon shell, full-size suspension, and aluminum internal frame of the Loka UL but features a shorter torso height and a harness system engineered specifically for female frames.

HEIGHT

52cm | 20.5in

VOLUME

30 Liters

WIDTH

31.8cm | 12.5in

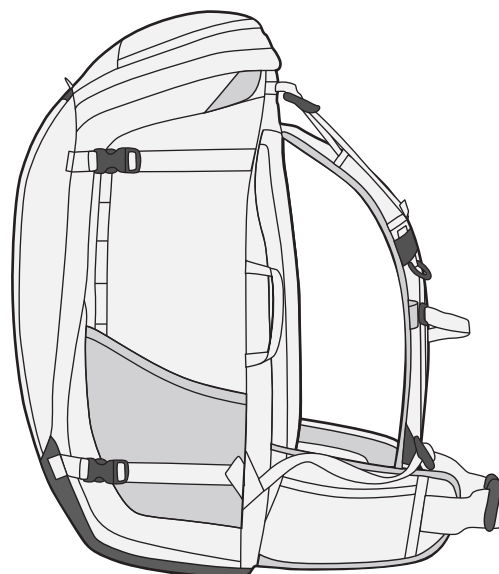

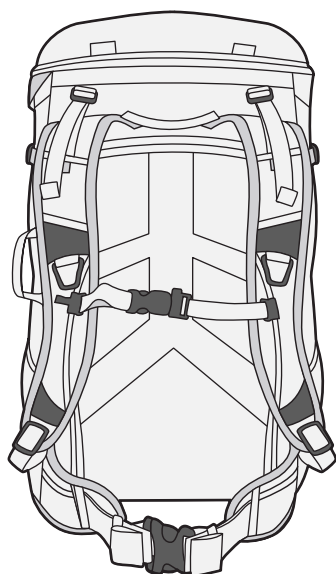

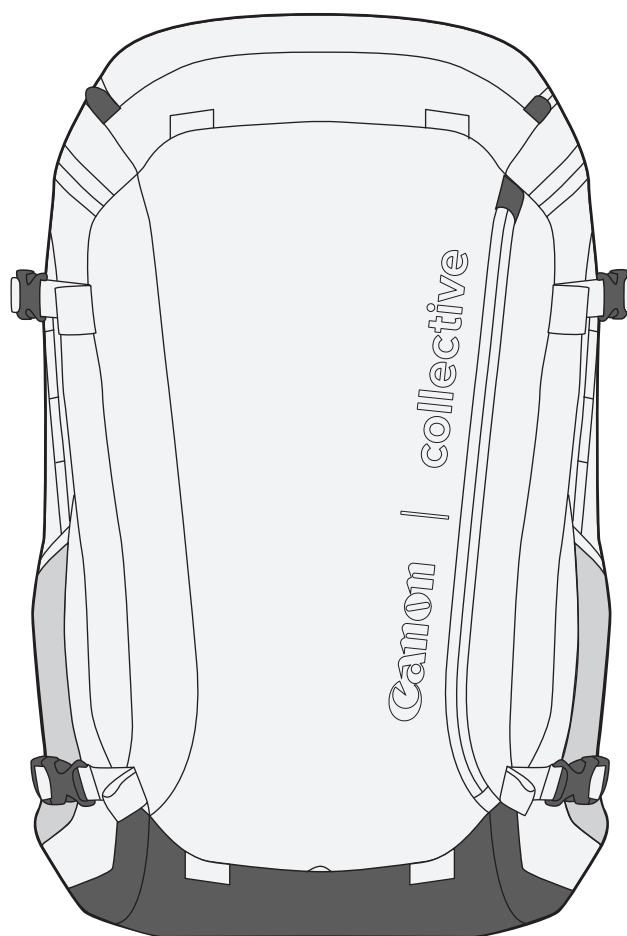

WEIGHT

1.1kgs | 2.5lbs
